

Demystifying '666'

The number “Six hundred threescore and six” or “Six hundred and sixty six” or ‘666’ as written in Revelation 13:18 is by far the most known combination of numbers recognizable in all corners of the earth, in generations past and in this present day.

The mention of the number ‘666’ conjures up different things to different people. However, most often what comes into people’s mind is “this is the mark of the beast.” Many people even shiver, are frightened or get wearied over the mere mention of the number ‘666’.

Movies have been made, books have been written and stories are told about the number ‘666’.

I must admit that I too until recently was engulfed, enthralled and entrapped by the numerous publications across all forms of media about the number ‘666’.

It was not until towards the end of my completing the third draft of my manuscript for the book Passage to Paradise: Time is coming to an End that one night, in the middle of the night I abruptly awoke out of my sleep, and the sentence, “count the number of the beast” kept being repeated in my head. After I turned the light on, and began to write I soon realized how bamboozled I had been by these many fables in film, books, literature and so on, as many people still are today about the number ‘666’. After a few minutes of writing the Holy Spirit revealed to me more wisdom and understanding to unveil the use of the number ‘666’ in Revelation 13:18.

The revelation was so startling that to this day I still smile when I recall the events of that night.
