

## Save the Earth Myth

There is probably not a campaign undertaken on this earth that is of such renown as the campaign to 'Save the Earth' or 'Save the Planet'.

While we humans were created after the heaven and earth were created; we are to be good stewards while we are here, not to destroy this heaven and earth. However, the overriding concern to save the earth begs a question, "who is destroying the earth?"

To read the heading "Save the Earth Myth" may lead many reading this *insight* to believe that I am advocating the destruction of the earth. Absolutely incorrect, the thought never crossed my mind. However, what always puzzled me is why in the recent years there is this reverberating campaign to 'Save the Earth'? To find the answer to my bewilderment, in the midst of writing my manuscript for *Passage to Paradise, Time is coming to an End* I gained wisdom and understanding through the word of God that shed light on what is really taking place on this earth.

Paul, the apostle stated it best when he wrote:

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places" (Ephesians 6:12). "For rulers are not a terror to good works, but to the evil" (Romans 13:3).

To learn more on the deception and lies at the foundation of the campaign to 'Save the Earth', read *Passage to Paradise, Time is coming to an End*.
